

# HUDSON SUPER-SIX

## Again Hudson Proves Its Outstanding Value

Hudson's new low prices affect the comparative value situation—all along the line.

For six years the Super-Six has been the largest selling of the fine cars. Its 110,000 owners know it is the greatest of the moderately priced cars—the lowest in cost of the truly great cars. Its new prices confirm Hudson in this position.

Hudson endurance continues the economy of its first cost. There are no obsolete Super-Sixes. The older models are still in service, performing smoothly, reliably, powerfully. They stay out of the repair shop. They are dependable and enduring.

And you find this economy of cost and upkeep in a car equally well known for its beauty of line and finish. You will be proud of a Hudson. It is one of the admired cars—smooth and easy of operation—luxurious in appointment.

Come see it. Know for yourself its outstanding value.

### In the Day's News

C. W. Bryan, who is expected to be a candidate in the coming primaries in Nebraska for the nomination of a Democrat to succeed Gilbert M. Hitchcock in the United States senate, is a journalist and politician, whose brother is William J. Bryan. When the latter was defeated for the presidency by Mr. McKimley he established a weekly journal which has since become well known, and to his editing and publishing of which much of the thought of the brother has been given, while the more famous member of the family has been touring the country or serving in the cabinet in Washington. For a time C. W. Bryan held Federal office in Panama, but he has in the main been a Nebraska first, commonly contesting for progressive policies in State and national affairs, and prominent as an opponent of the saloon. Several years ago he tried for the Nebraska governorship, but was not successful.

No Oil From the Banana.  
The Bureau of chemistry says that  
there is no oil manufactured from the  
banana itself. There is a preparation  
known as banana acetate, which is  
used for gliding, etc. It has the odor  
of the banana and is often termed ba-  
nana oil.
